## REAR ENTRY WETSUIT

### What's Included:

x1 7mm Neoprene Rear Entry Wetsuit

x1 7mm Superstretch hood

A Unique Super-Stretch DFN-Ultragrade™ Neoprene material. An internal lining provides extra warmth, insulation and comfort, due to our unique Ti-Ax® Thermacote® Titanium 'Terry' lining, and incorporates an additional anti-bacterial coating. Heavy duty triple-glued & blind-stitched seams and the best quality neoprene.

The pre-formed 'shaped' arm/leg sections and the unique ergonomic cut of this semi-dry suit, provides maximum comfort and the ultimate diving flexibility.

Hood supplied with wetsuit

## REAR ENTRY WETSUIT

## SEMI TECH WETSUIT 5.5MM/6.5MM

**What's Included:**

- x1 5.5mm Long John with 'Thermal Shield' Vest
- x1 6.5mm Shortie with Ti-Ax Titanium Terry Lining
- x1 5mm Hood

Our unique Delta-Flex 'Semi Tech' Semi-Dry wetsuit, features a unique Dry-Tech 'Thermal Shield' vest, incorporated within the one-piece wetsuit.

The hard-wearing properties of our 'Semi-Tech' does not reduce its superb flexibility. This is due to the Super-Stretch DFN-Ultragrade™ Neoprene used in the manufacture of this suit.

The internal lining also provides extra warmth, comfort and insulation through its unique Ti-Ax® Thermacote® Titanium 'Terry' lining, featuring an additional anti-bacterial coating.

The suit offers heavy-Duty triple-glued and blind-stitched seams, the highest quality Neoprene and is topped off with exceptional quality control and customer service.

Regardless of proportions, our Delta-Flex 'Semi Tech' Semi-Dry wetsuit is designed to fit almost everyone. In completely separate gents and ladies suit patterns, the ergonomic cut of this suit and the preformed 'shaped' arm and leg sections provide maximum comfort and the ultimate in flexibility.

Our 3 piece Semi-Tech semi-dry wetsuit package is manufactured from a unique mixture of 5.5mm, 6mm and 6.5mm Super-Stretch Neoprene.

Providing an average thickness of 5.5mm for the one piece 'Steamer' wetsuit (used as a standard one-piece wetsuit) for cool water, an average of 6mm for the step-through 'shortie' jacket (used as a separate Shortie) for warmer water and topped off with an additional (included) 5mm hood.

## BLACK WETSUIT 5MM

### What's Included:

- x1 5mm Neoprene Jacket with Nylon outer
- x1 5mm Neoprene Long john
- x1 5mm Superstretch hood

This is the most popular wetsuit for the commercial and oil industries.

The hard-wearing properties do not detract from the ultimate comfort offered by the super-stretch DFN-Ultragrade™ neoprene. The internal lining offers superb warmth and insulation with its Ti-Ax® Thermacote® Titanium Terry lining, now with anti-bacterial coating.

The build quality is exactly what divers have come to expect from Northern Diver wetsuits, offering tough water-tight seams, high quality materials and components and exceptional quality control.

The ergonomic cut of the suit plus the preformed and shaped arms and legs offer maximum in-water comfort.

# 3MM & 5MM BLACK MILITARY WETSUIT

1.1KG

1 PIECE

## What's Included:

x1 3mm or 5mm Black military neoprene wetsuit

Conservatively all black with subtle blue stitching on the seams, this wetsuit will look professional during pool training but it is equally suited to overseas 'warm water' snorkelling and/or diving.

Available in 3mm or 5mm and manufactured from super comfortable 'Flat-Lock' stitched neoprene the black military wetsuit offers good insulation without compromising on movement and featuring an extended zip tape, for easier fastening.

The rear entry zip has an added internal neoprene protection panel and the collar has an adjustable hook & loop tab, for extra security. The knees and elbows have added reinforcement for extra protection in those high wear areas.

Equally suited to warm water diving and snorkelling, in addition to many other (warmer) watersports.

## FEATURES

- 3mm Neoprene or 5mm Neoprene
- Suitable for more temperate diving
- Flat lock stitching
- YKK® Rear entry zip
- Knee and elbow protection

# WETSUIT/UNDERSUIT 3MM

## What's Included:

**x1 3mm Neoprene Wetsuit/Undersuit/Base layer**

Also worn by commercial divers under our Hotwater Suit, this suit doubles as a 3mm superstretch neoprene wetsuit, suitable for more temperate diving environments.

Our Hotwater Undersuit/Wetsuit has proved itself to be an incredibly versatile product. It is used not only by the diving community, but also in many other in-water situations where keeping warm is essential.

Many sport divers are now using their Hotwater Undersuit/Wetsuit as an additional layer of insulation beneath their drysuits. It has proved useful for those who want to perform deeper dives or dive in colder waters.

## This Hotwater suit can be used for:

**Warm Water Diving  
Underneath the Hotwater Suit  
Additional Base Layer  
Underneath another Northern Diver Wetsuit**

# SEMI TECH DELTA FLEX STYLE SEMI DRY WETSUIT 5.5MM/6.5MM

**3 PIECE**  
**5.8KG**

**What's Included:**  
**x1 5.5mm Neoprene Long John with lining**  
**x1 6.5mm Neoprene Shortie with Lining**  
**x1 5mm Neoprene air vent hood**

Our unique Delta-Flex 'Semi Tech' Semi-Dry wetsuit, features a unique Dry-Tech 'Thermal Shield' vest, incorporated within the one-piece wet suit.

Like our Delta-Flex 'Omega' wetsuit, the hard-wearing properties of our 'Semi-Tech' do not reduce its superb flexibility. This is due to the Super-Stretch DFN-Ultragrade™ Neoprene, that is used in the manufacture of this suit.

The internal lining also provides extra warmth, comfort and insulation. Through its unique Ti-Ax® Thermacote® Titanium 'Terry' lining, featuring a unique additional anti-bacterial coating.

Our 3 piece Semi-Tech semi-dry wetsuit package is manufactured from a unique mixture of 5.5mm and 6.5mm Super-Stretch Neoprene.

Providing an average thickness of 5.5mm for the one piece 'Steamer' wetsuit (used as a standard one-piece wetsuit) for cool water, an average of 6mm for the step-through 'shortie' jacket (used as a separate Shortie) for warmer water and topped off with an additional (included) 5mm hood.

## FEATURES

- Complete 3 Piece Neoprene Semi-Dry wetsuit System
- 5.5mm Long John Ti-Ax Thermacote Titanium Lining
- Full Length YKK® Rear Entry Zip with Smooth-Skin Flush-Guard long john
- Unique Integrated Heat Retaining 'Thermal Shield' Vest
- 6.5mm Neoprene Shortie -Ti-Ax Titanium Terry Lining
- Front Entry YKK® Zip with Full Length Smooth-Skin Seal on shortie
- All Seams Triple-Glued and Blind-Stitched
- Single Lined Smooth-Skin Neoprene Ankle/Wrist Seals
- Zip Fastening Ankle and Wrist Over-Seal Warmers
- Shortie Can be Worn Over the Long John
- Includes Super-Stretch 5mm Neoprene Air Vent Hood

# STORM SEMI-DRY LONG WETSUIT 6MM/4MM

**3 KG**

**2 PIECE**

**What's included:**

- x1 6mm Storm Semi-Dry Neoprene Wetsuit
- x1 Hood

This suit is the latest in our range. 6mm polymer is found where extra insulation is needed and a 4mm super pliable polymer is used where more flexibility is required.

Active-force knee and elbow reinforcement provides superior protection and outstanding comfort.

Variable neck adjustment for unbeatable comfort.

ProCom back panel offering comfort, protection, support and warmth.

*Perfect for Red Sea diving.*

## FEATURES

- 6mm/4mm Neoprene
- YKK® Front entry zip
- Triple-glued
- Blindstitched seams
- Supplied with hood
- Knee & Elbow protection

# WETSUIT SIZING & FITTING TIPS

## WETSUIT FITTING TIPS

Wetsuits should feel snug when worn. However, make sure breathing doesn't feel restricted.

Wetsuit fit should not be too loose. This would let water flow freely through the suit and would therefore lose all the benefits of the trapped water being warmed by your body.

For a correct wetsuit fit, wrists, ankles and neck should be snug. These are areas where water can easily seep in, so they should not have gaps.

**Height -**  
From head to toe

**Chest -**
