

6/4MM STORM 1 PIECE STEAMER WETSUIT

6mm neoprene is found where extra insulation is needed and a 4mm neoprene is used where more flexibility is required.

Strong pad knee and elbow reinforcement provides superior protection and outstanding comfort.

Variable neck adjustment for unbeatable comfort, a back panel offering comfort, protection, support and warmth.

Triple-glued & blindstitched seams minimises water penetration.

A front entry YKK® plastic zip for easily getting in and out of the suit.
