

# DELTA FLEX COMMERCIAL WETSUIT

Delta Flex Commercial is the most popular wetsuit for the commercial and oil industries. It is also supplied to the Military world wide.

The hard-wearing properties do not detract from the ultimate comfort offered by the super-stretch DFN-Ultragrade™ neoprene. The internal lining offers superb warmth and insulation with its Ti-Ax® Thermacote® Titanium Terry lining, now with anti-bacterial coating.

The build quality is exactly what divers have come to expect from Northern Diver wetsuits offering tough water-tight seams, high quality materials and components and exceptional quality control.

Delta Flex Commercial will fit everyone, no matter what their size. The ergonomic cut of the suit plus the preformed and shaped arms and legs offer maximum in-water comfort.

- Unique Ti-Ax® Thermacote® Titanium lining for warmth and comfort
- 5mm neoprene jacket, nylon outer and plush Ti-Ax® Titanium Terry lining
- All seams triple-glued and blind-stitched
- Step-through crotch jacket
- Single lined smooth-skin neoprene face & wrist seals with zips
- Front entry with full length zip and short sleeves
- Single lined smooth-skin neoprene ankle and arm seals on Long-John
- Sizes available: M, L, MLT, L, LT, XL, XXL
