

5.5/6.5MM

SEMI-TECH 3 PIECE WETSUIT

Manufactured from Yamamoto superstretch neoprene, our new and improved 3 Piece Semi-Tech Wetsuit comprises of a 5.5mm semi-dry steamer, a 6.5mm shortie and a 5mm supervent hood. Designed and constructed to offer a year-round wetsuit diving solution, the system provides excellent thermal protection in both challenging conditions and low temperatures. The high-quality neoprene construction ensures that all aspects of the system offers undeniably robust and strong, yet supple and flexible, qualities. Subsequently freedom of movement when diving and ease of use when donning and doffing, is a given.
